

# **The Ingham Practice**

## **Statement of Intent - Online Services**

The practice currently offers online access for the following services:

- Patient online access to appointments
- Patient online access to prescription ordering
- Patient online access to a summary of their medical record

To gain access to these services, please come into the practice with a form of photographic ID. The receptionist will then check your ID and generate you your unique PIN number.

**By 31<sup>st</sup> March 2016 the practice intends to make available to patients:**

- **Online access to detailed coded medical records**

**As and when this service becomes fully available, full details will be posted on the practice website including how to register for this service.**
